## Staff Member of the Month

Compliments to Mrs. Donatelli-Vanscoy, one of our 2nd Grade teachers. Mrs. Donatelli-Vanscoy is a very caring and dedicated teacher who works closely with each and every student to make certain that they are progressing as they should. She does a wonderful job of incorporating science and social studies lessons into her classroom. She has even worked diligently to get donations for various science labs to give her students hands on experiences in class! She has a very personal and special relationship with her current, past, and even upcoming students. The way Mrs. Donatelli-Vanscoy interacts with her students is an integral part of the whole child learning experience here at STEAM.

## *A Special Note from Steam*

As we approach Valentine's Day we would like to take this time to reflect on the love, admiration, and gratitude that we have for both our students and their families. Being an educator or working administration in a school setting can be pure chaos at times yet some of the most rewarding moments. We could not have such a successful year and experience so much growth without the help of our wonderful parents. Your assistance to a healthy, safe, successful school year thus far has been nothing short of amazing! In times of need it is so moving to us how Warren City comes together. Thank you for your continued efforts. STEAM is so proud to be a part of this community!

*Happy Valentine's Day*
